**** In June of 1999, SBE purchased several Axial lead film capacitor lines from Industrial-Midwec. We purchased the manufacturing equipment, process documentation, materials, engineering specifications, etc. SBE even carried over the Industrial-Midwec part numbering system. The Industrial Midwec series listed above are now manufactured here at our plant in Barre, Vermont.**

This is just a general guide. SBE offers a wide range of film capacitor products. For the most responsive service, detailed technical support and some of the shortest leadtimes in the industry, please contact us today!
