**SBE Inc. renews its exclusive agreement with Taser International Inc.**

**April 3, 2007 – For immediate release**

**Barre, Vermont:** SBE Inc. announced today the signing of a 5-year co-exclusive license and supply agreement with Taser International, Inc. (NASDAQ – TASR).

Under the terms of this agreement, Taser will purchase Film Capacitors using SBE's patented Pulse technology on an exclusive basis for a 5-year period. This agreement covers the existing X-26 and M-26 models as well as the new C2 models for consumers.

Under the agreement, SBE will also make available its patented technology exclusively to Taser International when the end use is for stun gun applications. There is no disclosed value to the agreement however SBE expects to generate over \$2.0 Million in sales as a result of the co-exclusive arrangement.

“This is a continuation of a successful and mutually beneficial partnership between SBE and Taser” stated Ed Sawyer, President & CEO of SBE Inc. “Taser recognizes the importance of SBE's Pulse technology in their products and SBE recognizes Taser's market leadership in the stun gun market”.

SBE, and its SB Electronics Division, is an industry leader in the design and manufacture of High Voltage Film Capacitors and Pulse Capacitors for demanding applications.
