

Internal Structure of Film/Foil vs. Metallized Capacitors

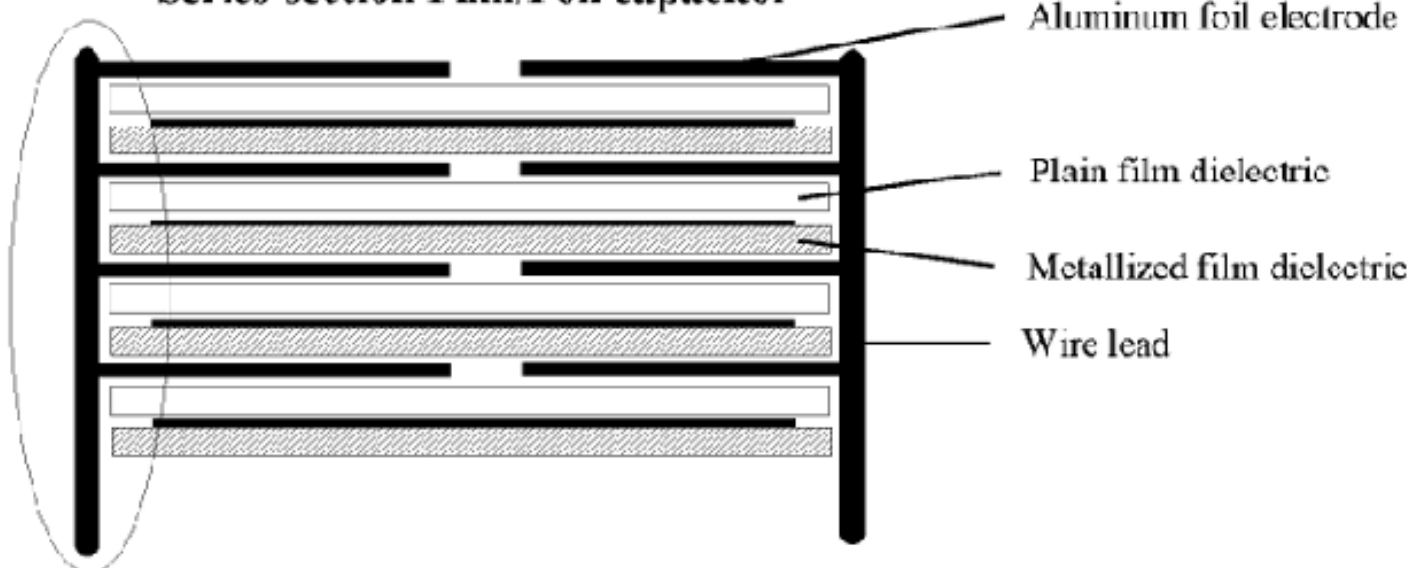

Cross-sectional diagram of various constructions

Single-section Film/Foil capacitor

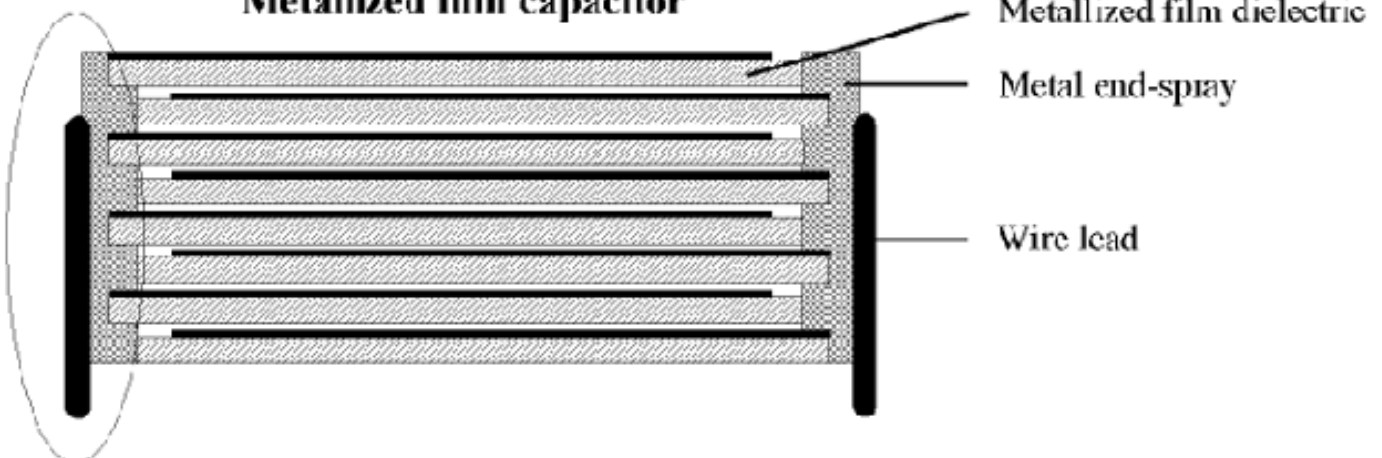

Type 192P, 225P, 418P and 715P, 716P 200VDC through 600VDC ratings.

Series-section Film/Foil capacitor

Type 715P, 716P ratings 800VDC and above, and 778P, 779P; also similar structure for the High Voltage Orange Drop Type 715P and 717P.

Metallized film capacitor

Type 425M, 725M, 460M, 461M, 760M, 761M.
