

SBE, Inc.  
81 Parker Road  
Barre, Vermont 05641-9106 USA

## **SBE Quality Policy**

SBE Inc. strives to profitably manufacture the highest quality film capacitor products and assemblies, provide value added services and deliver the best customer service worldwide in an environment that promotes employee development and fulfillment.

To ensure customer satisfaction, SBE strives for excellence by continually building quality into key processes and measure for continued improvement.

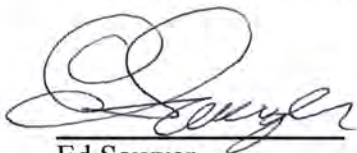

Quality goals are met through working with customers to identify requirements, establishing partnerships with suppliers, delivering product in a timely manner, and continually monitoring our customers' perception.

The SBE Management Staff evaluates and provides resources and leadership necessary to maintain an effective Quality Management System.

SBE is committed to continually improving the quality of our products through compliance with the ISO 9001 Quality System Requirements.

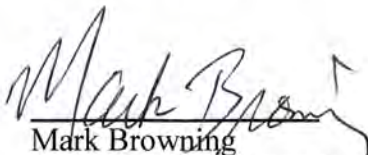

Processes will continue to be improved through the establishment, measurement, review and updates of our quality objectives.

SBE strives to ensure that this quality policy is communicated and understood throughout the company; available to relevant interested parties; and that it is reviewed on a continuing basis for suitability to goals and objectives.
